NEW YORK, March 3.

The northern mail of this morning has brought us important advices from the fron-We believe that every arsenal on the New York border has been broken open and robbed by the band of lawless 'pirates' infesting the frontier, and claiming to be "patriots!" Truly, if they are patriots, then was Johnson's sarcastic definition true, that 'Patriotism is the last refuge of a scoun-

PROCLAMATION .- The Governor of this State is used his proclamation on Thursday, offering rewards of \$250 respectfully for the information that shall lead to the detection and conviction of the persons who broke open the arsenals at Batavia, Watertown, and Elizabethtown, and stole therefrom certain property of the State. Also a reward of \$100 for information leading to the detection and conviction of persons guilty of feloniously taking away my piece of orduance, belonging to the State, from any gun-house, or from the custody of the person having charge thereof. The reward of \$250, in relation to the robbery of the arsenal at Batavia, is in addition to a like reward which is offered by the keeper of that arsenal.

From the Albany Argus of March 2. NORTREAN FRONtier .- Letters from the Northern frontier, addressed to the Execu-

tive, give the following information: The keeper of the State arsenal at Batavia writes on the 25th ult. that the arsenal was broken open on the previous night, and about 100 muskets and 1000 lbs. of powder taken therefrom.

A letter from A. C. Hand, keeper of the State arsenal at Elizabethtown, Essex county, da'ed the 26th ult., states that it was broken open on the previous night, and robbed of about 1000 muskets, with bayonets fixed, 26 rifles, 20 pair of pistols, a large quantity of knapsacks, and perhaps a quantity of cartridge boxes. The back door was forced by an iron bar.

They are supposed to have been taken in several sleighs, and were tracked north. Messengers had been sent in every direction, but Mr. H. believes that the property is secreted within a few miles, unless it has been transported into Vermont. The guns were mostly old, but recently cleaned, polished and oiled. Mr. H.had applied promptly to Gen Wool for aid in the recovery of the property.

Despatches are from Gen., Wool to the 25h inclusive,dated at head quarters, Champlain. The early indications of quiet had given place to a revival of the Canadian actively engaged in collecting and concentrating between Champlain and Plattsburgh supplies of cannon, carriages, ball, small arms and ammunition, with the avowed intention of invading Canada, the first favorable opportunity, at three points, viz: at between Ogdenburgh and Watertown.

Letters from Ogdensburg of the 27th, state that the citizens who had gone from that vicinity to the French Creek are returning home-that but three companies were organized on Hickory Island, on the Canada si e of the river-that most of those assembled at Freuch Creek "excused themselves from crossing"-that Gen. It was ascertained that this very juestion was determined in the same way by the high court of errors and appeals in Philadelphia in 1794, shortly after the Constitution was formed. Thus is the vexed question settled, very little, we suppose to the satisfaction of Gov. Ritner and his friends for they lose some thousands of votes by it, to secure which, his Excellency has been for some time adroitly catering.

SINGULAR CIRCUMSTANCE -We learn from the New York Commercial Adver iser of the 1st instant, that at the present ime there is in port but one of the old Liverpool packets, the England, but one of E K. Collins' line, the Garrick both of which were to have sailed the next morning, but one of Grinnel & Minturn's line, the Penn sylvania, to sail on the 8th instant; but one the London line. the Pennsylvania, to sail on the 2nd inst., and but one of the Havre packets, the Eric, to sail on the 3rd

A singular accident occurred to the steam packet New York on her last passage from Charleston to this port. The boat we learn rom a passenger, was absolutely run high and dry on Absecom Beach, where she remained for upwards of two days, when he was got off without having experienced the slightest damage: The New York arrived here yesterday morning in 10 hours rom the Beach.

## Commercial.

From the Augusta Constitutionalist, March 8, AUGUSTA AND HAMBURG MARKET. Corron,-Since the first inst there has been little or no buisiness done in our cotton market, as holders have shown no disposition to sell, and buyers no disposition to operate. On Sunday last we received advices from Liverpool to the 8th January, via New Orcans, which had the effect of further depressing prices in this market, and since that time sales have been made at a half cent decline from our quotations a week ago.-From warehouses the sales during the past week reach only about 700 bls, which were disposed of at from 7 to 11 cent. All over 94 cents, was sold previous to Monday last, and the general average of sales since that time has been at 81 a 94 cents. We quote as the extremes 7 a 10 cents.

GROCERIES .- A fair business doing in the retail way; by wholesale the transactions ave not been worthy of notice.

EXCHANGE .- Still continues scarce in our market, particularly on New York and Charleston. The rates at present are, on New York, at sight, 7 per cent prem; on Philadelphia, Boston, and Baltimore 5 per rent; on Charleston 4; on Savannah 4; Specie is worth 6 a 7; Treasury notes 6, md U. S. Bank Bills 51 percent prem .-The Bank of Hamburg, just across the river, is drawing on New York at 5 per cent prem; and on Charleston, at 4 per cent for their own and other South Carolina bills. which makes the bills of that bank worth in oor market 1½ a 2 per cent prem.

From the Charleston Courier, March 3. CHARLESTON MARKET.

Corron-We have no alteration re ord in the prices of Upland Cotton, since our review of the 24th ult. The market. however, has been very unsettled throughout the week, with limited sales, in comparison with the business usually done at this season of the year. The present high rate of freight, and the auxiety with which further accounts from Europe are looked for, have in many instances influenced buyers, who would otherwise have entered the market. In the meantime, our stock is accumulating, and it is impossible to conjecdown. The aggregate quantity of strictly prime coming in, in proportion to the other qualities, continues small, hence the denand which has prevailed since the commencement of the season for this descrip-tion of Upland. The transactions comprise 1460 bales, at from 84 to 113 cents.

RICE.—The Rice market has also been n an unsettled state since our last. Somesolders have submitted to a decline, whilst others would not operate unless at former rates, which they, in a few instances, ob tained for a strictly prime article.

Conn.—The arrivals of Corn within the

last fortnight amount to near70,000 bushels which has consequently thrown a large Wholesale transstock into our market. actions have been made at a decline on last week's prices. We quote accordingly .-From the quantity of Oats which has recently arrived, a decline in price has been submitted to. A small parcel of Peas bro't 70 cents; Cargo sales Hay we quote \$1 25 a \$1 50, per 100.

FLOUR.-Very little has been done in this article since our last. About 100 bbls.Bal-timore brought 894. We quote \$84 to 94

according to quality.

Bacon.—The market has become dull, and sales have been effected at a decline on last week's prices. About 5,500 lbs. Baltimore cured Hams, small size, brought 13 cents; and 4,500 lbs. Shoulders at 9 cents. At auction, a lot of Westphalia Hams, brought 19 a 21 cts.

LARD.—About 100 kegs Baltimore Lard sold at 94 cts. per lb.

SALT.-Liverpool Sack Salt has been elling at our quotations—24 per sack. Molasses.—About 76 blds. Havana,

old at 33 ets. and part of a Cargo just arrived from Neuvitas brought from 35 to 38

Sugars .- Of Louisiana about 100hhds. brought 7 to 74; Muscovados have been selling at from 84 to 10.

Coffee.-About 600 bags green Cuba Coffee brought from 11a 124 ets. per lb.

The following computation of prices on the nett proceeds of Cotton in Liverpool, may be useful to those unacquainted with the value of sterling currency, and who are at a loss to render the rates of the Liverpool market, into our own currency. We propose, at the close of the business season, furnishing a complete and minute table of the cost of cotton from this country when laid down in Liverpool, at the different shades in prices. and including the various charges accruing thereon, on both sides, compiled from numerous accounts of sales, and which, for future reference, will be bound with this year's volume.
